

WELCOME TO LE ROSE DANCE ACADEMY!

WHY DANCE DURING A PANDEMIC?

Dance is an extension of who we are as human beings. It provides an outlet to share emotions and promote a sense of community.

HOW ARE WE CREATING A SAFE ENVIRONMENT?

Safety for our dancers and staff is our top priority! The lobby will be closed to the public, temperatures are checked upon entering, and rooms are frequently disinfected. To learn more, check out our website: lerosedance.com/covid-safety

MASK POLICY

Masks are required for staff and dancers age 9 and up. For dancers 8 and under, it will be up to the parent/guardian. Dancers may remove their mask while dancing because it is considered rigorous activity.

WHAT TO WEAR TO CLASS

We ask that dancers wear a leotard, tights, and the appropriate dance shoes for their class. Dancers should have their hair pulled back for every class. Use your dress code worksheet to find out more. Also, check out our new online boutique! lerosedance.com/dancewear

WHEN SHOULD MY DANCER STAY HOME?

- Temperature above 100.3
- Vomiting or diarrhea within last 24 hours
- Body rash with itching or fever
- Head lice
- Eye infection
- Cough or shortness of breath

VIRTUAL CLASSES

We are offering dual classes this year! Your dancer can take class in-person, or they can take that same class from home using Zoom. This can be a weekly decision. Since our lobby is closed, you will be able to observe your dancer's class using Zoom. Details coming soon!
